

SEEK | REACH | RESTORE

This is the mission statement of Deeper Life Christian Fellowship.

God's revealed will is found in The Bible. It tells us that that we, as the Church, have been sent out into the world to spread the gospel. Our salvation is possible because the Holy Spirit regenerates us and empowers us to respond to Jesus in faith. Jesus is the divine mediator who restores the broken relationship with God the Father.

Seek the lost (Luke 19:10)

Strive after and find those who do not know God, and make an introduction. Purpose animates your actions and compels you to help others find their way. Continually ask, "Is there anyone left in this world to whom I may show kindness for Jesus's sake?"

Reach people where they are (John 4:1-26)

Reaching means doing what is radical, uncomfortable, and unexpected to make a connection. Journey and meet people far from God in order to bring them closer to THE LORD. Take others by the hand and lead them into a deep, personal relationship with Jesus. It doesn't matter where they are—it matters where they are going.

Restore God's family (Luke 15:11-32)

Restoration means repairing broken relationships between people and with God. Embrace those who feel unworthy to be called sons and daughters of Christ. Build up other members and empower them to fulfill their calling. Make room for others to take a seat at God's table.
